

Convert a HAR file to a JMeter script

Website used for testing:

<https://petstore.octoperf.com/actions/Catalog.action>

Useful links:

<https://dzone.com/articles/convert-a-har-file-to-jmeter-script>

<https://github.com/vdaburon/har-convertor-jmeter-plugin>

Steps:

- ✓ Install plugin to JMeter (one time activity)

plugin name: HAR-Convertor-JMeter-Plugin

<https://jmeter-plugins.org/>

- ✓ Create HAR (HTTP Archive) file
- ✓ Launch the tool and convert the file (.har to .jmx)
- ✓ Use the converted to jmx file to customize script and run test

- Regular expression for exclusion of URLs

`(?i).*.(bmp|css|js|gif|ico|jpe?g|png|swf|eot|otf|ttf|mp4|woff|woff2|svg)`
